

Best Friends Whole Health Veterinary Hospital Kanab, Utah

Special Features

- Treatment modalities using state-of-the-art medical technology
- Additional recovery space (currently, recovery space is limited so there is a waiting list for surgeries)
- New isolation units that will protect other animals from infectious or contagious diseases
- Additional surgical rooms
- Additional species-specific consultation rooms
- Digital/Video surgical monitoring for veterinary technicians and visiting veterinarians to observe surgery.
- A sleepover room where the pet's human family members can spend the night close to their animals who are receiving medical attention at the hospital
- Courtyards to help create a calming environment for animals and staff
- Use of natural light and passive solar
- Sustainable green building materials
